Background

The EDGE group of companies were founded in 1989 and we are now one of the most experienced Council software providers in the market.

All of our AdvantEDGE software has support included and is safe and secure as we back it all up daily at no extra cost. As the software is hosted online with us, it is also GDPR compliant.

AdvantEDGE

AdvantEDGE has been designed to meet the needs of Local Councils and their officers in the 21st century.
